2021 Annual Report Synopsis

The Pandemic continues in 2021, yet the Saint Florian Center continued to serve the youth in the community through our leadership programs. We continued to follow all CDC guidelines. We became efficient in utilizing Zoom. We utilized masks and social distanced in all settings. We never stopped leading by example and meeting our youths needs whatever they might have been.

The 10 SFC Leadership Principles

- Principle I** - *The duties of a leader are to identify the goal, choose the correct path to the goal and finally prepare someone to take their place.*
- Principle II** - *Character is the most important part of a leader.*
- Principle III** - *As a leader you must accept the risk of possible failure and shoulder the blame.*
- Principle IV** - *Adversity makes you stronger.*
- Principle V** - *Power - if you abuse it, you lose it.*
- Principle VI** - *A goal needs to be clear, challenging and reachable*
- Principle VII** - *Knowledge is power.*
- Principle VIII** - *Communicate. Say what you mean, mean what you say.*
- Principle IX** - *Good leaders come from all races, are both male and female and can be any age.*
- Principle X** - *Leadership & ATOD-Free. I care too much about myself to use alcohol, tobacco, and other drugs because I AM A LEADER!*

2021 Summer Leadership Camp

The 2021 Summer Camp was very successful in fulfilling the mission to create leaders of today and tomorrow. After limiting our interaction with youth in 2020 and modifying the program with weekly activity kits...we were ecstatic to provide daily programming to a reduced number of youth according to CDC recommendations. We met Monday – Friday from 8 am – 4 pm for seven weeks.

A snapshot of the leadership training in each module include:

- Week 1 – Health & Safety with CPR & emergencies; undoing racism; teambuilding, skating, etc.
- Week 2 – Arts in Learning with STEM; Camptown natural wonders; cultural competency; etc.
- Week 3 – Technology with 3-D printing; Writer's center; sports, firefighter fitness challenge; etc.
- Week 4 - Philanthropy & Social Justice; Camptown problem solving; change the world projects.
- Week 5 – Business entrepreneurs; skills my parents never taught me; financial literacy, etc.
- Week 6 – Empowerment out of state trips; college tours; smart goals to accomplish dreams, etc.
- Week 7 – Civility with camping trip; Indiana Dunes; parent cookout and graduation breakfast.

Youth Employment Program:

The program goals and objectives were accomplished during the 2021 Summer Camp despite losing several High School Students to the MINDTRUST FREE Summer Camp. A snapshot of the employment training and experiential experiences include:

- Week 1 – Leadership Module: Teambuilding; Health & Safety; Undoing Racism; Spoken Word.
- Week 2 – Pre-Employment Skills: Things to get a job; College Readiness; Book Club, etc.
- Week 3 – Key-Employment Skills: Things to keep a job; Financial literacy; Shadow Experiences.
- Week 4 – Start your own business: Corporate interviews; Philanthropy & Social Justice; etc.
- Week 5 – College Readiness: Graduation plan; scholarships, essays; financial aid; life skills; etc.
- Week 6 – Empowerment out of state trips; college tours; smart goals to accomplish dreams, etc.
- Week 7 – Civility with camping trip; Indiana Dunes; parent cookout and graduation breakfast.

2021 Firefighters Afterschool Program (My Brother's Keeper)

The Firefighters After-School Program is a year-round opportunity for children ages 10-14 (currently in the 4th, 5th, and 6th grades) attending IPS School #79, to gain valuable educational, leadership, and prevention skills, while having fun with friends. 100% of the enrolled youth received focused leadership and prevention skills training which will help them avoid making bad decisions now and will enable them to become self-sufficient adults. We achieved a record number of youths that made the honor roll in both cohorts. After homework assistance we were blessed to motivate the cadets to accomplish their dreams through (1) The SFC 10 Leadership and Lifestyle Principles. (2) The SFC Prevention Curriculum (3) The Readers are Leaders Challenge (4) My Brother's & Sister's Keeper Rites of Passage (5) Our STEM Education & Project Based Activities (6) College Education & Graduation Plan (7) Our Fire Fit kids.

Our purpose is to teach youth to “Do Something Positive - Be Someone Positive - Have Something Positive”

Mission: to provide at-risk Indianapolis youth an opportunity to foster leadership skills, develop problem solving methods, and survival tactics through a variety of programming and opportunities in the community in order to create leaders of tomorrow.
